

Adult Health Screening

Adult Health Screening for residents served by the Madison Health Department will be held in March. Those 18 years of age and older are invited to 'Know Their Numbers' for cholesterol, triglycerides, glucose, and several other values measured in the Complete Metabolic Profile (CMP) offered to residents of Madison, Chatham Township, Springfield and Cranford. This blood analysis is a fasting test and appointments are required. Individual blood pressure and additional health information will be available at the screening. There is no fee for this community service.

For additional information or to make an appointment please call Madison Health Department 973 593-3079 x 1. Have your provider's name and contact information when calling for appointment.
