# What to Do with Used Sharps in **New Jersey**

Put used sharps in a strong, plastic container

When the container is 3/4 full, put the lid on, seal it with duct tape, and label **DO NOT RECYCLE**.

Have a needle clipper? When the needle clipper is full, it can be disposed of according to your state or local regulations.

**Put the plastic container in the household trash - don't recycle!**

**Sharps should never be thrown loosely into the trash or toilet**

Sharps that retract after use, or are very small, should be disposed of like all other sharps.

If you would like to bring your sealed container to a community sharps disposal program, there are drop-off locations at several area hospitals.

See attached list of drop-off locations at several area hospitals.
