Starfish Swimming

The Cranford Pool and Fitness Center is pleased to be affiliated with Starfish Aquatics Institute. The Starfish Aquatics curriculum is used in our swim pool program. Starfish Aquatics Institute, a nationally recognized curriculum for swim instruction, emphasizes water safety and promotes skill development by recognizing the achievements a swimmer makes as they advance through the program.

What is Starfish Swimming®?

Cranford Pool & Fitness Center is an independent authorized provider of Starfish Swimming. Starfish Swimming is a nationally recognized swim instruction curriculum developed by the Starfish Aquatics Institute (SAI). Learn more about SAI at www.starfishaquatics.org.

The Starfish Swimming curriculum is designed for student's age's 6-months to adult. Benchmarks are established at each stage in the program that combine both swimming and safety skills. Students participate in experiential learning activities that allow them to explore the water in a creative and comfortable environment. Correct swimming techniques are taught from the very beginning, providing an easy transition to swim team.

Our curriculum includes StarBabies™ (ages 6-months to 36-months), Starfish Swim School® (ages 3 and up) and Starfish Stroke School™ programs. Our swim instructors will communicate your child's progression through the curriculum on a regular basis.

Registration begins April 16, 2018

No Refunds on swim lessons. No Make-up on swim lessons. You may only sign up for ONE session at a time.

What role do I play in my child's swimming development?

As a parent or caregiver, you play a vital role in your child's swimming development. You have already taken the first step, by registering your child for swim lessons. Now you must continue to communicate with your child's instructor and practice, practice, practice!

The bathtub is a great place to start practicing! Bubbles, breath holding, looking underwater, floating and kicking can all take place in the bathtub! A few trips to the pool between swim lessons are nice too! You shouldn't feel the need to push children to do every thing they are doing in swim lessons. Just give them the opportunity to get wet, splash around and explore the water on their own terms.

But remember: supervision is a must! While swimming lessons are one layer of protection, nothing beats supervision. Keep your eyes on your child whenever you are in, on, or near the water!

If you have any questions, please do not hesitate to ask. We're here for you.

Star Babies & Star Tots Swim Courses

The purpose of these courses is to foster in very young children a high comfort level in the water while at the same time training parents and caregivers in water safety and drowning prevention. This course does not teach children to become accomplished swimmers or to survive in the water; it does provide a confidence building, fun and loving experience.

Safety Classes

StarGuard Training

StarGuard is an integrated curriculum and includes emergency care skills necessary to protect life or prevent further injury until EMS arrives. The performance objectives of the American Safety & Health Institute CPR, First Aid, Bloodborne Pathogens, Emergency Oxygen and Automated External Defibrillation (AED) are built into the course. The integration results in a more confident, competent lifeguard.

The American Safety & Health Institute in partnership with Starfish Aquatics uses a systematic, thorough planning process to assure that program materials reflect the most current knowledge available. Ongoing research with a national peer review ensures up-to-date information and programs that have sound educational formats.

Candidates will be taught the skills and knowledge to prevent, recognize, and respond to emergencies and to provide care for injuries and sudden illnesses until advanced medical personnel arrive and take over. This course also includes training in aquatic-specific first aid and cardiopulmonary resuscitation (CPR) training and AED.

PREREQUISITES: Swim 350 yards, head up continuously, 50 yards, head up with rescue tube, 100 yards of front crawl, 100 yards of breaststroke and 100 yards of either front crawl or breaststroke; Swim 20 yards using front crawl or breaststroke, surface dive to a depth of 7-10 feet, retrieve a 10-pound object, return to surface, and swim 20 yards back to starting point with the object, and get out of the pool in 1 minute 40 seconds.

Bloodborne Pathogens Training

This training module is designed for first responders, health care professionals, lifeguards, and other workers who are at risk for on-the-job exposure to blood and body fluids that can cause infection. This course helps to meet training requirements for the OSHA bloodborne pathogens standard.

CPR/AED for Professional Rescuers and Health Care Providers

As an EMT, firefighter, athletic trainer or lifeguard, it is your duty to respond to cardiac or breathing emergencies until more advanced medical personnel can take over. From assessing needs and making decisions to providing care, this program provides the skills you need through discussion; video and hands-on training based on real-life rescue scenarios. Course covers adults, children and infants and includes free online refreshers.

Starfish Swim Instructor

This course is for individuals who desire to become a swim instructor. The Starfish Swimming Program allows you to reach people of all ages to swim for pleasure, fitness or competition and teach them correctly.

Prerequisites: Minimum of age 16. Must pass water skills screening to validate swimming ability at a level appropriate to demonstrate skills that correspond with the curriculum.

Starfish Swimming Program Staff

StarGuard Review Course

The Review course is designed to review the lifeguarding skills and core knowledge points required to recertify in lifeguarding.

Prerequisite: Current Red Cross Lifeguarding/First Aid/CPR/AED or current StarGuard/First Aid/CPR/AED certificate. Note: If the Lifeguarding/First Aid/CPR/AED certificate is expired, participants must take the full Lifeguarding or Shallow Water Lifeguarding course.

First Aid/CPR/AED for Workplaces, Schools and Individuals

- First Aid: Learn how to respond to common first aid emergencies, including burns; cuts; head, neck and back injuries and more. Pediatric option available.
- CPR/AED Learn how to respond to cardiac and breathing emergencies in adults, including the use of automated external defibrillators (AED). Adult and infant/child CPR options available.
- Review Renew your First Aid/CPR/AED certification in an abbreviated class session. Current certification is required.
- Challenge Prepare on your own and demonstrate skill competency in front of a ASHI instructor. Current certification is not required.
