

ELIZABETHTOWN
GAS

North Avenue & South Avenue

Pipeline Replacement Project Presentation

Safeer Quraishi

Michael Scacifero

George Visconti

February 7, 2022

What are we doing?

Elizabethtown Gas will be improving our natural gas infrastructure in your Borough.

- Replacing aging steel gas mains and services with new, durable, plastic pipe.
- Migrate from the existing low-pressure system to an elevated-pressure system.

Where will we be working?

Streets directly affected by the North Avenue Project include:

- Anchor Place
- Arlington Road
- Cedar Street
- Chestnut Street
- E. Broad Street
- Elmer Street
- John Street
- Lincoln Avenue
- North Avenue
- Winslow Place

When will we be working?

- North Ave Gas Main Replacement
 - Tentatively scheduled to begin in Westfield on February 28, and be completed by April 7 approximately
 - Night work (9pm – 5am)
- North Ave Gas Services Replacement
 - Tentatively scheduled to begin in Westfield on or about April 8 and be completed by June 2 approximately
 - Night work (9pm – 5am)

Where will we be working?

Streets directly affected by the South Avenue Project include:

- Boulevard
- Cacciola Place
- Centennial Avenue
- Center Street
- S. Elmer Street
- South Avenue
- Summit Avenue
- Thomas Street
- Walnut Avenue
- Windsor Avenue

When will we be working?

- South Ave Gas Main Replacement
 - Tentatively scheduled to begin on February 28 in Cranford and be completed by April 7 approximately
 - Night work (8pm – 5am)
- South Ave Gas Services Replacement
 - Tentatively scheduled to begin on or about April 8 in Cranford and be completed by June 2 approximately
 - Night work (8pm – 5am)
